

Jim Blackshear is the Co-Founder of the Citrus County Building Alliance. The CCBA is a not-for-profit group of building professionals. Jim loved the idea of the golf tournament to bring people together for some fun in the sun to raise money for his favorite organization, the Boys and Girls Club, all while simultaneously raising funds for the CCBA. Jim was a true believer in community and we think he would

be proud to know that we've raised over \$60,000 for the Boys & Girls Clubs of Citrus County since the partnership in 2013.

By YOU supporting the CCBA Golf Outing you directly impact the Boys & Girls Club and our county. For that, we thank you!

For more information about the Boys & Girls Club visit WWW.BGCCitrus.org
